

Lemont Loves the Arts is a community arts program sponsored by all of the K-8 schools in Lemont. The program gives students an opportunity to express their creativity based on a theme. The theme this year is “My Dream is.....”

We encourage your children to participate in this year’s program as it is a great way for them to showcase their creative talents to peers and our Lemont community! Please read through the attached Entry Form and Rules Sheet for program information. Students can create an art project in the following categories:

Photography
Fine Arts
Literature
Videography

Dance
Music
Computer Generated Art

Students can submit one entry for individual and one entry in the group category. Entries are due back to school by November 10th.

Judges will be comprised of local community members with artistic expertise. Entries are judged on the interpretation of the theme, originality, creativity and artistic merit. A Community Open House will be held at **St Cyril’s School on December 6th!** More information will be sent home as the event approaches.
